service kits

## Accessories Product range

**1 YEAR**  
GUARANTEE

### Control module

The Control Module remotely switches pumps without controls and can be used in both positive and negative head plumbing systems. The unit incorporates a pressure switch to start a connected pump and a flow switch to stop the pump, ensuring a continuous supply of boosted water to all outlets without hunting. Incorporating pump run dry protection, the control module features a simple LED display for power on, pump running and fault indication.

The unit is supplied with a 70 mm long extension piece allowing the module to clear the pump terminal box.

Part No	Model
41011	Control module

**1 YEAR**  
GUARANTEE

### Float and Floating switch

The Float Switch is used to control a pump when filling or emptying a water tank/cistern. The switch position is adjustable along the float cord.

Floating Switches are simple to install and designed to control a pump to automatically fill or empty a water tank/cistern.

Available with 3 or 5 metre cable lengths.

Part No	Model
26638	Float switch
19638	Floating switch 3 m fill or empty
19639	Floating switch 5 m fill or empty

**1 YEAR**  
GUARANTEE

### Sound attenuating mounting pad

The mounting pad provides additional sound insulation, reducing the transfer of pump motor vibration and noise levels by up to 5 dB(A).

Suitable for use with Monsoon, Showermate, Mainsboost Flomate MBF 12 and Stuart pumps.

Part No	Model
27124	Anti-vibration pump mounting pad

**1 YEAR**  
GUARANTEE

### Tank flanges

Provide a dedicated hot water feed from the hot water cylinder to the pump, reducing the possibility of introducing air into the supply. The side entry flange is a simple retrofit with minimal pipework changes required. Includes tank hole cutter.

Part No	Model
27900	Side entry flange
28503	Side entry flange (pack of 15)

## Accessories Product range

### Pressure and flow test kit

Designed to allow you to test the water pressure and flow prior to selecting any Mainsboost or direct on mains water supply product. The pressure and flow test kits from Stuart Turner are supplied in a rigid high quality plastic carry case with foam padding.

The **Pro 60** consists of a 5–60 litres per minute flow meter, 1–10 bar pressure gauge and a range of 15–22 mm push-fit connectors for ease of testing.

The **Trade 20** features a 7.0 bar pressure gauge with 22 mm flexible hose and an easy to use flow cup capable of measuring flow rates up to 22 litres per minute.

Part No	Model
---------	-------

44724	PTK 1 Pro 60
-------	--------------

44780	PTK 2 Trade 20
-------	----------------

### Lay flat hoses

Flexible and durable 32 mm diameter PVC hoses designed for use with our Submersible pump range to transfer water. Supplied with a connection kit, they are lightweight, weather resistant and completely collapsible when not in use.

Part No	Model
---------	-------

19965	5 metres 32mm lay flat tubing (including jubilee clip)
-------	--

19966	10 metres 32mm lay flat tubing (including jubilee clip)
-------	---

20363	15 metres 32mm lay flat tubing (including jubilee clip)
-------	---

**"Pressure and Flow test kits from Stuart Turner allow you to test the water pressure and flow prior to selecting any Mainsboost or direct on mains water supply product, and are really simple to use, brilliant!"**

### Service kits & spares

The lifespan of our products is second to none and come with industry leading guarantee periods. However, if you wish to further optimise their life cycle, Service Kits and spare parts are available to purchase directly from our website.

Click on the 'where to buy' section or contact our TechAssist team who will be happy to help you find the correct item and take your order.

### Service Kits

Part No	Model
28453	Monsoon universal service kit
28452	Monsoon standard service kit
28454	CH single stage service kit
28455	CH single stage boostamatic service kit
28456	CH multistage boostamatic (4-30 / 4-40) service kit
28476	CH multistage boostamatic (4-50 / 4-60) service kit
28457	Mainsboost flomate MBF 12 service kit
28504	Mainsboost flomate MBF 60, 80, 100, 200 & 300 service kit
28458	Wasteflo macerator service kit (WC1, WC2, WC3)
28165	Wasteflo macerator cassette (WC1, WC2, WC3)
28499	Wasteflo macerator service kit (WC4C)
28500	Wasteflo macerator cassette (WC4C)
28170	Wasteflo macerator filter (WC1, WC2, WC3, WC4C)
28459	Wasteflo lifting station service kit (LS5)
28177	Wasteflo lifting station cassette (LS5)
28868	Electrastream circulation pump

**1 YEAR**  
GUARANTEE

## Spares – Flexible hoses

Part No	Model
28304	Monsoon hose – single (1 x flexible Ø 22mm hose)
28482	Monsoon hose set (4 x flexible Ø 22mm hoses)
28260	Monsoon ROI hose – single (1 x flexible Ø 21mm hose)
28605	Monsoon ROI hose set (4 x flexible Ø 21mm hoses)
19294	Showermate hose – single (1 x flexible Ø 15mm hose)
28483	Showermate hose set (4 x flexible Ø 15mm hoses)
28288	Stuart hose – single (1 x flexible Ø 25mm hose)

## Spares – Electrastream

Part No	Model
28848	Electrastream PCB
28849	Electrastream PCB enclosure
28850	Electrastream display screen
28851	Electrastream MCB and RCD
28852	Electrastream 9kW titanium element 1¼ BSP
28853	'O'-ring seal 1¼ BSP
28854	Electrastream 9kW titanium element 2¼ BSP
28855	'O'-ring seal 2¼ BSP
28856	Electrastream dual thermostat
28857	Electrastream sensor probe
28858	Electrastream dual thermostat
28859	Electrastream thermostat phial pocket
28860	Electrastream expansion vessel 12 Ltr
28861	Electrastream expansion vessel 8 Ltr
28862	Electrastream pressure relief valve 3 bar
28863	Electrastream pressure gauge
28864	Electrastream combination valve 22mm
28865	Electrastream 7 bar T&P valve
28866	Electrastream blending valve
28867	Electrastream tundish 15 mm x 22 mm
28868	Electrastream circulation pump
