BY NATURE

GROHE | MASTERS OF TECHNOLOGY

INSPIRED BY YOUR INSTINCT.

The bathroom should be a place where you can feel nature with all your senses. A place that reflects your sensuality and blends with your own nature. The GROHE Eurostyle turns this intuition into reality. The organic design and natural aesthetic are both pleasing to the eye and a joy to use. The result is a relaxed atmosphere where you can enjoy peace and instinctively feel at home, in a totally natural way. How inspiring.

YOU CAN FEEL HOW IT IS **PERFECTLY FORMED.**

We wanted the GROHE Eurostyle to be a physical expression of your desire for the perfect shape. This idea gave rise to an organic design. A beautiful tap with dynamic curves that fits perfectly naturally in your hand. Using it is purely intuitive with the ergonomic lever. Inside, cutting-edge GROHE SilkMove® technology translates that intuition into action. A pleasantly restrained and contemporary style. Perfect for your bathroom.

ATMOSPHERE.
ACCENTUATED
BY BEAUTIFUL
SHAPES.

Enjoy the space to be yourself. A symbiosis of different components creating a modern atmosphere. Beautifully sculpted for you.

NATURALLY. IN THE SIZE YOU WANT.

Each of us instinctively knows which size will fit us perfectly. So you can select your GROHE Eurostyle in a variety of heights – from S to XL. To perfectly match your individual taste. Let your intuition help you decide which height appeals to you the most.

YOUR OWN STYLE. YOUR OWN COLOUR.

Naturally, you'd like a bathroom with your own personal touch. So when it comes to shape and colour, we give you the choice and let you decide what suits you best. For example, a solid lever or one with an organic opening in the middle? Give your bathroom its own special accent with a GROHE Eurostyle in the latest Moon White version or chrome finish. Let your own style be your guide.

FEEL THE
INTUITION.
**OPEN AND
SOLID.**

MANY WAYS TO PERFECTION. FOR YOU, SIMPLY GOOD.

We have redeveloped the GROHE Eurostyle to give you even greater comfort when using it. With our innovative GROHE SilkMove® technology you can finely adjust water flow and temperature to suit your exact needs. A patented ceramic cartridge inside the fitting is what makes this possible. That's how you can experience Pure Freude an Wasser. Not only that, but thanks to GROHE EcoJoy, you'll save water too. Beautiful moments in a beautiful bathroom.

AT THE HEART OF OUR TECHNOLOGY. **BLUE CORE**

BlueCore makes up the major technological components of our GROHE products. At the same time, however, it also describes the spirit of our brand which expresses Pure Freude an Wasser – water is at the heart of everything we do. We are particularly proud of BlueCore and we show it on the insides of our products. This is where we express our passion for water, distinctively and clearly with the colour blue.

CLEAN TECHNOLOGY. PUREST PLEASURE. NATURALLY GROHE ZERO

For us, Pure Freude an Wasser also means that by using our products you'll enjoy the purest water. Clean drinking water is essential to your health. When choosing taps and mixers with GROHE Zero technology, you choose a tap with a body with maximum health benefits. The body of the tap itself does not add any lead into the drinking water because of the advanced inner-waterguides. For you this means drinking quality water that you can rely on. A promise from us, a pleasure for you.

GROHE Zero is available on S-Size washbasin mixers:
